President's Letter

Dear Yates Mill Families,

My name is Amy Nehlsen and I am serving as the PTA President for the 2020-2021 school year. This year will present many unique challenges for students, teachers, administrators, and families. The members of the PTA Board are ready and excited to meet and conquer these challenges. The Yates Mill PTA helps support the academic, cultural, and technology needs of all YMES students through volunteerism and fundraising. Parent involvement makes a HUGE difference in our school and in the lives of our kids. We hope you can get involved and help us make it another great year at Yates Mill!

Sincerely, Amy Nehlsen

Fundraiser Update

We have made the hard choice to postpone the Fun Run this year.

In order to keep supporting the programs we always do, we will be collecting donations through our website for the 'Frog Fund'. In return, every YMES student will receive a 'Frog Fund' T-Shirt during the one of the next material distribution dates (regardless of donation amount). We are targeting \$25/student when possible and 100% of profits will go to support Yates Mill and the PTA.

You can also help us by participating in 'painless fundraisers':

Enable Amazon Smile in your app and online, select Yates Mill PTA as your organization

Link your grocery cards
